BATTLE ROYAL ON

CUBAN TARIFF BILL IS UP IN THE HOUSE.

SKIRMISHING VERY FIERCE

SUGAR REPUBLICANS FIGHT EVERY STEP.

HOUSE GOES IN COMMITTEE

EXCLUSION BILL DEBATED IN THE SENATE.

Washington, April 8.—The debate upon the Cuban reciprocity bill opened in the house today. There was much activity on both sides before the hours convened in anticipation of the coming battle, and when the speaker called the house to order at noon the attendance on the floor was unusually large. After the approval of the journal, some routine business was transacted.

Mr. Lacey (of Iowa) asked unanimous consent for the consideration of a bill to protect game and fish in Alaska. He explained that when the Alaska code was enacted a year ago it did not include game laws, and the result has been an enormous slaughter of game during the last season. There was no objection and the bill was passed.

Mr. Payne, chairman of the ways and means committee and leader of the majority, then moved that the house go into committee of the whole for the consideration of the Cuban reciprocity bill.

THE BATTLE BEGINS.

The battle began immediately. Mr. Tawney (Minn.), as a parliamentary inquiry, demanded to know upon what theory the bill was privileged.

Mr. Payne replied that the bill was one effecting revenue and the speaker sustained that view. Thereupon Mr. Robertson (La.) raised the point of order that the bill did not come within the purview of the rule. His contention was that the bill proposed to authorize reciprocal trade relations with Cuba—that it was not a bill to raise or reduce revenue and not amendable as such.

The speaker held that under the rule of precedents the bill was privileged.

Mr. Newlands (Nev.) attempted to secure a ruling of the chair upon the question of whether amendments affecting the general reduction of the tariff would be in order, but the speaker declined to rule upon a question not before the house.

Mr. Robertson (La.) attempted to propose a proposition as to the length of general debate, but Mr. Payne cut him off with a demand for "the regular order."

The first test of strength came upon the motion to go into committee of the whole.

A laughable incident occurred upon the division. On the viva voce vote the chorus of "noes" was louder than the "ayes" and the speaker announced that the "noes seem to have it." He lifted his gavel and looked at Mr. Payne, the majority leader, expecting him to demand a division, but Mr. Payne made no move.

"The noes have it," announced the speaker. Simultaneously Mr. McClellan, of New York, saved the day by shouting, "Division; I demand a division." The result of the rising vote was watched with great interest. It resulted, ayes 107, noes 102. A dozen republicans demanded tellers and Mr. Fordney (republican), of Michigan, and Mr. Underwood (democrat), of Alabama, demanded the ayes and noes. The roll call followed.

THE MOTION CARRIED.

Many of those who had voted against the motion on the rising vote changed their attitude when they were placed on record and the friends of reciprocity won an easy victory, the motion being carried, 177 to 80, present 16.

Accordingly the house went into committee of the whole (Mr. Sherman, of New York, in the chair). It was decided that the time should be equally divided for and against the bill. Mr. Payne then began his argument. In opening he pointed out the peculiar relations existing between the United States and Cuba growing out of the Spanish war, to which he remarked incidentally he had been opposed, and the limitations placed upon Cuban independence by the Platt amendment and the obligations which it placed upon the United States. It was our duty, he argued, to see that the new government was started under the best auspices and to do all in our power to make the experiment successful.

Mr. Payne said that in time United States exports to Cuba would amount to $200,000,000. While he did not want Cuba annexed he believed that in time she would be a part of the United States.

TROOPS WITH KRUPP GUNS SENT TO MONGOLIA

Tien Tsin, April 8.—Three thousand Chinese troops and a number of Krupp guns have been dispatched to southern Mongolia, where the people are in revolt against the severe indemnity taxation. Several villages have been strongly fortified and their inhabitants are determined to fight. They say they are assured of the assistance of tairty thousand disaffected persons.

DISAGREEMENT IN THE TOOMBS MURDER CASE

Chicago, April 8.—The jury in the case of Lewis G. Toombs, on trial for the murder of Carrie Larsen, has disagreed and been discharged.

IN THE SENATE.

Washington, April 8.—At the opening of the session today the president pro tem. (Mr. Frye) laid before the senate a telegram signed by Claus Spreckels and about twenty other business men of San Francisco, protesting against the passage of the Chinese exclusion bill in its present form. The signers of the telegram declared that the exclusion of legitimate Chinese merchants, according to the provisions of the measure, would be an act of gross injustice.

HEARS FROM LONG LOST SON

SMALLPOX PATIENT HAS A FATHER IN MICHIGAN.

News of Young Elwell's Illness Here First Word to Parent in Eight Years.

There are now only two patients at the contagion hospital at the county farm, Miss Sarah Gans and Oliver E. Elwell, and both are progressing nicely, although ten days or more will elapse before they will be discharged. This morning Dr. Macbeth received a box of handsome, fragrant roses to be delivered to the patients, being the gift of the Kings Daughters of the West Jefferson Street Church of Christ. Dr. Macbeth also today received a letter from the father of young Elwell. The letter was dated at Hawkins, Mich., and thanked the doctor for the kindness shown his son. The letter further states that the young man ran away from home about eight years ago and the letter from Dr. Macbeth informing him of his son's illness was the first intelligence he has had of his whereabouts since the day he left. Since that time the young man's mother has died and the father is having a hard time trying to make both ends meet while rearing a family of exceptional size.

MR. COOPER IS SUMMONED.

This morning W. P. Cooper, who is a member of the state board of charities and corrections, received a telegram from A. W. Butler, the secretary, informing him that Governor Durbin had called a meeting of the board to be held at Michigan City beginning Thursday morning at 9 o'clock. This is for the purpose of taking up the investigation of the charges recently made by Dr. Horne, the prison physician, against the alleged cruelty practiced by some of the prison officials. Mr. Cooper left this afternoon for Chicago, and will go from thence to Michigan City to be present at the investigation.

DENNIS O'DEA VERY ILL.

Dennie O'Dea, a prominent Allen county farmer, is lying very ill at his home near Arcola and his recovery is doubtful. Mr. O'Dea has been prominent in Allen county politics for a number of years and is a democrat of sterling worth. Mr. O'Dea has been sick but a short time, but his condition became alarming yesterday, and Dr. W. H. Myers was called from this city to attend him.

NEW CARRIER NAMED.

Oliver Clark has been appointed carrier on rural free delivery route No. 8, succeeding Henry L. Miller, who resigned some weeks ago. The appointment became effective yesterday.

B. Paul Mossman is confined to his home with a serious attack of measles.

SOUTH'S GREETING

THE PRESIDENT WELCOMED TO CHARLESTON.

MAKES TOUR OF THE HARBOR

NAVAL DISPLAY MADE BY THE WARSHIPS THERE.

PRESIDENT'S WISH GRATIFIED

SUNSHINE SUCCEEDS DAYS DARK WITH CLOUDS.

Charleston, S. C., April 8.—The president's train reached Charleston at 9:30 a. m., on time. The party did not come into the city, but left the train five miles out, where trolley cars were awaiting to convey them to the naval station to take the revenue cutter for a tour of the harbor. The president's immediate party went directly to the naval station, where they were joined in a few moments by members of the reception committee and invited guests from the city.

A guard of thirty militiamen was stationed about the approaches to the train and stood at present arms as the president landed. At the naval station fifty men of the militia were posted, maintaining picket lines about the reservation, and none were allowed within the lines except such as had special passes. The president and his party were shown about the station and then were conducted to the pier where the revenue cutter Algonquin was in waiting. As the president set foot on the deck the flag of the commander-in-chief of the army and navy was raised and the jackies were paraded while a salute of twenty-one guns was fired. In the stream the cutters Forward and Hamilton were lying and further down towards the city the cruiser Cincinnati and the training ships Topeka and Lancaster. After the committee and guests had gone aboard the Algonquin started on a tour of the harbor. Passing down Cooper river a fine view of the city and the opening of the bay was presented. The weather was perfect. There was not a cloud in the sky and a gentle breeze blew from the ocean with just a bracing touch in it not chill enough to require overcoats. Passing into the bay the Algonquin came abreast of the cruiser Cincinnati, whose decks were manned with all her crew as well as the Topeka and Lancaster.

SALUTE IS FIRED.

As the president's vessel passed each ship a salute of 21 guns was fired. Off the fortifications of Sullivan's Island, the Algonquin was greeted with the same welcome and she passed out to the ocean with gay streamers amid a chorus of guns. Just a little run to the sea and the Algonquin turned about and re-entered the harbor, passing around historic Fort Sumter. While steaming up the bay luncheon was served in the cabin of the cutter. A short run was made up the Ashley river, giving a view of the city's western water front and then the ship was headed back for the landing, where a troop of the Charleston light dragoons was in waiting to escort the president to his headquarters at the St. John hotel. All the arrangements were excellent and there was not a break in the program. The president seemed in high spirits and entered with keen zest into all the features of the occasion. This evening the banquet given by the city in honor of the president will be served at the Charleston hotel. While this is in progress, Mrs. Roosevelt will receive at the St. John. Five hundred invitations have been issued to this function. No men will be present.

Tomorrow at 10 o'clock the parade will move to the exposition grounds, where the formal ceremonies will be held and the president will present a sword to Major Micah Jenkins. Tomorrow afternoon the president's party will go to Summerville and will spend Thursday there, inspecting the tea gardens. A great crowd of people is in the city and much enthusiasm is shown at the presence of the president. Governor McSweeney is here and Governor Aycock, of North Carolina, is expected this evening.

HOPE IS REALIZED.

The hope of President Roosevelt last night that he might see sunshine in the morning was fully realized. The downpour of rain which had marked the trip almost from the moment of departure, had ceased, the heavy black clouds disappeared and the day broke with a cloudless sky. The journey to Charleston was made entirely without accident.

The president retired last night before the state line of North Carolina was reached.

At Summerville, twenty-two miles from Charleston, the party was met by a special committee, headed by Mayor Smyth, Captain F. W. Wagener, president of the exposition, and J. J. Hemphill, who accompanied the president on the remainder of the journey.

All Charleston was up and out this morning to do honor to the president and from the time of arrival within the corporate limits of the city to boarding the steamer it was a continuous ovation.

JOHN M'CARTHY IN TOWN.

John McCarthy, of Chicago, arrived in the city last evening for a visit with his father and friends in the city. Mr. McCarthy is among the prominent politicians in Chicago, and under Mayor Hopkins was street commissioner of the windy city.

WATCHES HIS OWN OPERATION

HOSPITAL PATIENT DISPLAYS REMARKABLE NERVE.

David Jacobs Would Take No Ether, But Kept Up a Running Comment as the Surgeons Worked.

David Jacobs, a patient at St. Joseph's hospital, manifested remarkable composure this morning when in full consciousness, without the administration of ether, he critically watched the performance of a major surgical operation upon himself, and kept up a running fire of casual comment as the surgeons cut away.

Jacobs resides on Cass street, and is foreman for the City Trucking company. He has for some time been suffering from an obstruction of the gall-bladder, and went to the hospital to be operated upon by Dr. E. J. McOscar for the relief of the trouble. When the time arrived for the operation, which is of rather extensive character, Mr. Jacobs declared that he would not submit to the administration of ether or other anaesthetic; he wanted to see the operation, and insisted that he could stand the ordeal without difficulty.

Such a request is often met with in the case of minor surgical operations, but very rarely in the case of a major operation of this kind, but Dr. McOscar finally consented to his patient making the trial. Jacobs was placed upon the operating table and a local anaesthetic was applied to the region to be invaded by the surgeon's knife. This had the effect of somewhat deadening the pain, but it did not affect the patient's consciousness, and Dr. McOscar proceeded rapidly with the operation.

Over the operation table is a group of electric lights, shaded above with mirrors in order to deflect the rays of light strongly upon the patient upon whom the surgeons are working. Jacobs, lying upon the table and under the knife of the surgeon calmly glanced up in the mirrors, where he was able to get a perfect picture of the surgeon's work as he proceeded with the operation. The patient manifested the keenest interest in every step of the proceedings, frequently interjected casual observations concerning the surgeon's work, asked several questions and stoutly maintained that the experience was not a painful one. The operation was a complete success, and Dr. McOscar looks for the early recovery of his patient. Those familiar with scenes of the operating room regard Mr. Jacobs' display of nerve as a remarkable one.

MISS EGGLESTON'S RECITAL.

On Wednesday evening Miss Katharine Eggleston, elocutionist, will give a recital at the West Jefferson Street Church of Christ, the entertainment being the seventh in the People's Lecture course. Miss Eggleston's readings will be partly from Charles Major's "When Knighthood Was in Flower" and from other popular works of the day. Miss Eggleston is a young lady of attractive personality and her work has been greatly praised wherever she has appeared. The closing lecture of the course will be given Tuesday evening, April 15, by William H. Sanders.

WHERE IS EARL POTTER?

Earl Potter, son of Mrs. Kate Potter, of 359 West Main street, has been missing from his home since Sunday and nothing is known of his whereabouts. The young man is employed as a machinist at the Meyer Cycle company's shop on West Berry street. He was last seen on Sunday. Potter was a young man of good habits and no reason for his leaving town is known.

TO PROBE PRISON

GOVERNOR DURBIN ORDERS AN INVESTIGATION.

IT WILL BEGIN THURSDAY

EXECUTIVE AROUSED BY THE PUBLIC CLAMOR.

HORNE READY TO TESTIFY

AFFAIR HAS GONE BEYOND POLITICAL CONTROL.

Indianapolis, April 8.—Sweeping aside the demands of professional politicians and yielding to the dictates of his better judgment Governor Durbin yesterday ordered that Michigan City prison and the charges against Deputy Warden Barnard should be thoroughly investigated, the investigation to start next Thursday morning at 9 o'clock.

The governor himself will be present at the investigation with the full prison board and the state board of charities, of which Timothy Nicholson is the president. The general public will not be permitted to invade the prison, but accredited representatives of the press are to be present and the governor will not permit suppression of the work of the investigators.

HELD UP FOR A YEAR.

It is practically a year since the revolt against the prison methods of Deputy Warden Barnard began, but during all that time and up to today one kind of political influence or another has prevented an investigation. There appears to be good ground for suspecting that Governor Durbin has been freely lied to by those most interested in prison contract labor and a system of discipline which involves striking convicts, use of foul language, frequent application of clubs and the working of sick men at excessive stunts.

While the recent charges preferred by Dr. B. S. Horne, late prison physician, are quite fresh to the public, they are not new to the governor. He has had charges of Dr. Spinning and Chaplain Henderson for nearly a year, and they were practically of the same nature as those preferred by Dr. Horne. Still, the political influence brought to bear in favor of Deputy Warden Barnard has been tremendous and has until now had its own way.

ACTION BY GOVERNOR.

Governor Durbin evidently concluded yesterday that no matter how strong this influence was, it was his time to act and either prove the truth of Dr. Horne's charges or exonerate Barnard. He held a conference with Warden Reid, who came here from Michigan City, communicated with the state board of charities, and then made his formal announcement that the investigation must be started now.

There is no doubt that Dr. Horne will be at the investigation if Governor Durbin desires it. The doctor is at Marion now, his old home, and he said last evening:

"I have already been at Michigan City prison twice for this investigation, and have not succeeded in getting it. Once I was there with Governor Durbin, and he promised that the charges should be looked into, and once I was there with two members of the board who would not assure my witnesses of protection. Now if the governor wishes me there a third time and sends me notice to that effect I certainly will be there."

STATE IS AROUSED.

The Horne charges, so specific have they been, have succeeded in thoroughly arousing Indiana public sentiment. The Michigan City board is composed entirely of republicans, and the full charges have struck hard at the state administration. It is not believed that they could have come with such force if the full truth as to what goes on inside the prison walls had been admitted to Governor Durbin when he first called on the prison board for explanations.

Horne denies emphatically that the charges preferred against Deputy Warden Barnard are for political effect. Such an idea never entered his head, he says.

There is one unfortunate feature connected with the investigation which Governor Durbin is said not to relish. It is the marked effort on the part of Deputy Warden Barnard's friends to make it appear that Dr. Horne is a prison reform enthusiast, that convict contract labor is a good thing for convicts, and that politics is behind the charges, that they amount to nothing but an attempt to make political capital. The Barnard people, instead of insisting on the most rigid kind of an investigation, are shouting "wolf" as loud as they can, and the state press has taken up this phase of the matter with many unfavorable comments.

MORE AIRING IN SIGHT.

It is promised that if the investigation is not of the most perfect character the Michigan City prison issue will go not merely to the state legislature, but to the National Association of Charities, and be assured that in the end it will be necessary for the governor to insist that the prison be thrown open to the public itself for investigation. As it is now, it is the closest watched and most privately conducted prison in the west, and promises to remain so, as Trustee Nebeker is quoted as saying: "Horne's tire can be punctured."

BARNARD IS SILENT.

Michigan City, Ind., April 7.—Warden Reid is out of the city and Deputy Warden Barnard refuses to talk on the subject of the investigation which has been ordered by the governor. Mr. Barnard has declined to talk at any time since the exposures have been made except to make a general denial.

GRAND LODGE SESSIONS HERE

ROYAL ARCANUM WILL MEET APRIL 17 AND 18.

One Hundred Grand Officers and Delegates are Expected—Banquet at the Wayne Club.

Howard council No. 246, Royal Arcanum, is making preparations for the entertainment of about one hundred visitors Thursday and Friday, April 17 and 18, when the grand lodge meeting will be held in this city.

The visitors will be the grand officers and delegates of subordinate councils of the state, with their ladies, and they will have headquarters at the Wayne hotel. The first business session will be held at 2 o'clock Thursday afternoon, and there will be another session in the evening of that day. On Friday business sessions will be held morning and afternoon, the latter including the election and installation of the grand officers for the coming year. Judge Pound, of Lockport, N. Y., past supreme regent, will act as installing officer. Friday evening Howard council will give a banquet at the Wayne club in honor of its guests.

WILL HAVE A TOURNAMENT.

An important meeting of the Fort Wayne Chess and Checker club was held last evening in the club rooms in the Tri-State building, at which it was decided to hold a tournament, open to members of the club, to begin Monday, April 14. Each member will play two games with every other member and the list will remain open until the opening day. The question of admitting women to membership came up for consideration, but a majority of the members were opposed to it, and as a compromise it was suggested that certain afternoons be set aside for women to play, and this plan will be adopted. The membership of the club is now sixty-six.

MANY NEW MEMBERS.

As the result of Major Hilton's addresses yesterday afternoon and last evening at Plymouth Congregational church, a great many women have joined the Women's Christian Temperance union and a reception for the new members will be held on Wednesday afternoon at the home of Mrs. N. W. Bloom, 1123 Columbia avenue. Major Hilton's address to women yesterday made a great impression on his audience and forty-six names were added to the W. C. T. U. membership list. Many others joined at the evening meeting and the W. C. T. U. workers feel greatly encouraged by the outlook.

DOMESTIC ROW IN STREET.

Reuben B. Paine and Rickey Paine, his wife, living on Hough street, had an altercation on Calhoun street, near the corner of Main, this afternoon, and their actions and language soon attracted a large crowd. The matter was reported to the police station and Lieutenant Lapp was sent out to look the matter up. He shortly returned with both parties and at the police station Mrs. Paine filed an affidavit against her husband charging him with assault and battery, which she alleged was committed last night at their home, the fracas today being a continuation of last evening's affair. Paine was arraigned before Judge Lontzit at 2:30 and pleaded not guilty. The trial is in progress as The Sentinel goes to press.

ARE NOT SO BAD

GENERAL M'ARTHUR SPEAKS WELL OF FILIPINOS.

HAVE HIGH NATIONAL IDEAL.

SAYS THE ISLANDS MUST BE PERMANENTLY HELD.

GENERAL GROWS ELOQUENT

NATIVES SHOULD SHARE IN THE GOVERNMENT.

Washington, April 8.—General MacArthur today continued his testimony concerning conditions in the Philippine archipelago before the senate committee on the Philippines. His discussion at the beginning of the session was devoted to a review of the conditions which led up to the present state of mind of the Philippine people. He said that long before the advent of the Americans the germs of democracy had been planted and that these had originated in the agitations in Spain of a century ago, which had been reflected in the Spanish colonies.

He also described the conditions in the archipelago at the time of the American occupation, saying that at that time the Filipinos were in a vindictive and resentful mood toward Spain, with a general yearning for liberty. Taking these psychological conditions into account and also giving due heed to the character of the people, he had felt when he assumed command of the islands that there was to be found the most fertile soil for the planting of the best type of republican institutions.

Continuing, General MacArthur grew eloquent in describing the mission of the Americans. Our presence in the islands, he said, was to his mind a process of spontaneous evolution and added that he believed the permanent occupation was a necessary consequence, the logical sequence of our national prosperity, and he added that to doubt this is to doubt the wisdom of our institutions. We should, he went on, regard ourselves as a people, as the custodians of an imperishable idea held in trust for mankind, and we would proclaim this message to the world.

He also expressed the opinion that the Filipinos could be rapidly organized into political bodies and said that they were eager to secure educational facilities. He said that because of his opinion that the Philippines afforded splendid opportunities for the dissemination of American ideas he had decided when he assumed command at Manila to conduct military operations with a drastic hand, while he at the same time tried to give them the most enlightened civil government wherever opportunity offered.

Replying to questions by Senator Carmack, he said that the Filipinos like our American ideas of personal liberty as embodied in our institutions. "This," he said, "realizes an ideal of their own."

"Then they have an ideal?" interjected Senator Carmack. The reply was: "They have—most decidedly."

"You do not then regard them as 'a miserable, corrupt, cruel and degraded race?'"

"By no means. Such a view is to my mind a mistaken view."

Senator Carmack also asked the exploitation of the material resources of the island and General MacArthur replied that one of the great apprehensions of the people was that they might be deprived of these resources and thus relegated to a position of social inferiority in the islands. On this point, he said, they were very sensitive. They did not, he said, care so much for their treatment outside the islands, but were very particular on the point of social equality when in their own country. In reply to a question from Senator Culbertson, General MacArthur declined to institute a comparison between the Filipino and the American negro. "The Filipinos are pretty good people," he said, "but I have never had occasion to compare them with other people and I don't want to attempt such a comparison which might be unjust to both."

"Do you think," Senator Carmack asked, "that the Filipinos ought to have a voice in their governmental affairs, where they have to do with franchises and concessions?"

"That question is somewhat hypothetical," replied General MacArthur. "We are approximating that condition now. I would, however, like to see the Filipinos pretty well represented in their central government, and I should like to see the question of franchises, except for railroads, held in abeyance until the evolution proceeds further."

WEAK LUNGS

As Indicated By A Hacking Cough.

Vinol Will Cure Lung Affections.

When you have a cough you are continually fearing something worse.

Do not let yourselves get in this condition. Come and talk to us and let us tell you why we know Vinol is the best thing that you can take for a hacking cough with a tendency to lung trouble.

One of the greatest remedies that has ever been prescribed by physicians for consumption and all wasting diseases is cod liver oil. You know how disagreeable it is to take. We have actually seen people who would rather take their chances than to take that medicine. Now with Vinol this is all different. To be sure it owes its value to the fact that it contains in a highly concentrated form the valuable medicinal properties that have made cod liver oil famous for such diseases, but let us remind you that it does not contain any oil or grease that makes the old form of cod liver oil so objectionable and often so impossible to a weakened stomach.

Try our Vinol if you are experiencing any bronchial or lung trouble. It does not upset the stomach. It will do that organ good, not only by creating an appetite but by enabling it to better assimilate the food that is taken into it. It will increase the nourishing properties of this same food, so that the system will take up all the elements it needs to make rich red blood and firm flesh.

When this is done the doors of the system are closed against consumption, and any existing irritation or diseased membrane will be cured.

Mr. Thomas Morton, Stillwater, Maine, says: "My grandson has been troubled with a bad cough lately and learning that Vinol was good for all pulmonary ills, I got a bottle of it for the boy. All I can say is that it proved just the medicine he needed. He now feels much better, and his cough has disappeared."

The reason we promise to refund the cost of Vinol, to all who do not experience the benefits that we claim it will bring about, is because we know by experience that it invariably accomplishes everything we claim for it. It is very successful

MRS. ED. CONWAY NO MORE

WIFE OF PENNSYLVANIA CONDUCTOR DIED TODAY.

Mrs. Mary J. LaTourette, Long a Resident of Eel River Township.

Passes Away—Other Deaths.

Mrs. Catherine Conway, 48 years of age, died this morning at her home, 129 Wallace street, after an extended illness from Bright's disease. Mrs. Conway was the wife of Edward Conway, conductor on shop engine 402, in the Pittsburg yards.

She was born at Laporte and her parents died at Plymouth when she was but a young girl. Surviving are the husband and six children—Philip, Edward, Elizabeth, Thomas, Hugh and Loretta, the eldest 22 and the youngest 12 years of age. She was a sister of Thomas McArdle, the Pennsylvania conductor, who is now the only survivor of that family.

Funeral services will be held Friday morning at 8:30 from the residence and at 9 o'clock from St. Patrick's Catholic church.

LA TOURETTE.

Mrs. Mary J. LaTourette, widow of the late James LaTourette, and for many years a resident of Eel River township, died this morning at the home of her daughter, 5 Riverside avenue, where she had been spending the winter.

Mrs. LaTourette had been in failing health for the past three months and death was due to dropsy. She was born in Pennsylvania sixty-six years ago and the surviving relatives include five sons and four daughters.

Funeral services will be held Thursday morning at 10 o'clock from the old homestead in Eel River township, and at 11 o'clock from the M. E. chapel at Eel River.

The remains will be taken to the country homestead tomorrow, leaving the residence of Charles Rosselot, 5 Riverside avenue, at 1:30 o'clock. Previous to that hour there will be a brief funeral service at the home.

WORMAN.

Alita Genesse Worman, daughter of Mr. and Mrs. Samuel Worman, of 85 Euclid avenue, died at 6 o'clock this morning after an illness of a week, from heart trouble. The little one was 2 years of age.

FUNERAL ANNOUNCEMENTS.

Strieder.—Funeral services of Walter Luther Strieder will be held Wednesday afternoon at 2 o'clock from the residence, 166 Burr street, and at 2:30 from St. Paul's Lutheran church, Rev. Jacob Miller officiating. The pall-bearers will be Messrs. William Doehrmann, jr., Fred Kramer, Fred Plur, William Schroeder, Otto Schmidt, Armin Ungemach. The deceased was the son of Prof. C. J. Strieder, and in addition to the parents he leaves six brothers and a sister, as follows: Gottlieb, Traugott, Adolph, August, Paul, Otto and Miss Clara Strieder.

Noweck.—Funeral services of Edward Noweck will be held from the residence, corner John and Pontiac streets, Thursday afternoon, at 2 o'clock.

Sauerteig.—Funeral services of Mrs. Wilhelmina Sauerteig will be held Wednesday afternoon at 1:30 from the residence, 19 Centlivre avenue, and at 2:30 from St. John's Lutheran church.

DERANGED MAN ARRESTED.

Walter Hudelson, apparently a raving maniac, was picked up on the street this afternoon and is making the welkin ring at the police station. He carried with him a certificate from the Toledo State hospital, at Toledo, properly filled and signed up, showing that he was discharged from the institution as "recovered." The certificate bears the date of "April 15, 1902." Toledo is a pretty swift town, but when it gets a week or two further ahead in a century than anybody else the line should be drawn. The hospital in question is an asylum for persons supposed to be deranged and is where Mr. Hudelson should be right now. Superintendent Gorsline has telegraphed the institution of the detention of the late patient.

A NERVOUS THRILL.

Half a dozen passengers aboard Belt line car No. 120 were given a nervous thrill today at 12:30 when the car was about half across the railway tracks at the Calhoun street crossing and they beheld a Wabash passenger train bearing down from the west at an unpleasant rate of speed. The motorman had the car under control and easily stopped his car before running into any very imminent danger.

Pennsylvania train No. 39, westbound, had blocked the car at the crossing and when it pulled out the gateman raised the gates, giving the street car clearance to go over. Several bunches of cars in the yards west of the crossing obstructed the view from the ground by the street car conductor so that the approach of the Wabash train could not be seen, though it ought to have been visible to the gateman in the tower. In backing from the tracks the street car was slightly damaged at the rear by collision with a delivery wagon.

SUES HUSBAND'S PARENTS.

South Bend, Ind., April 8.—Dr. Ryell T. Miller, one of the wealthiest real estate men in South Bend, and formerly democratic candidate for mayor, is codefendant with his wife in a suit for $30,000 damages brought by their daughter-in-law, Mrs. Rex T. Miller, who declares that they have alienated her husband's affections. The plaintiff has been married less than two years. She says that Dr. and Mrs. Miller poisoned the mind of her husband against her, and then that he, aided by his parents, accused her of being dishonest and wasteful, finally driving her from home. She also alleges that before she was deserted Mrs. Ryell T. Miller, taking advantage of her absence, entered her home and ransacked the closets and spied into her private apartments. In the presence of her husband they falsely accused her of mistreating him, she says, severely scolded and threatened her, and when she protested they cruelly told her she should move if she didn't like it there. It is also charged that the elder Millers offered to give their son and daughter-in-law a house and lot as a wedding present, and announced in the daily papers of South Bend that the gift was made, but that the property has not been turned over as promised.

CHECK WAS A BAD ONE.

A check for $34, drawn on a Wisconsin bank and paid to the New Aveline hotel recently by a guest, who endorsed it in payment of his bill, turns out to be a bad one. Neither the bank nor the postmaster of the Wisconsin town knows anything about the person whose name is signed to the paper. The hotel people apprehend no difficulty in recovering the amount from the gentleman from whom the check was received.

WILL PAY HIS OWN WAY.

Washington, April 8. Whitelaw Reid, head of the special embassy to represent the United States at the coronation of King Edward VII, has declined the tender of the British government to become its guest during the ceremonies. He has taken steps to lease a suitable house at his own expense.

SYRUP OF FIGS

Acts Gently;
Acts Pleasantly;
Acts Beneficially;
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially.

To get its beneficial effects—buy the genuine—manufactured by the

WANTS TO HELP OTHERS.

"I had stomach trouble all my life," says Edw. Mehler, proprietor of the Union Bottling works, Erie, Pa., "and tried all kinds of remedies, went to several doctors and spent considerable money trying to get a moment's peace. Finally I read of Kodol Dyspepsia Cure and have been taking it to my great satisfaction. I never found its equal for stomach trouble and gladly recommend it in hope that I may help other sufferers." SAVED MANY A TIME.

Don't neglect coughs and colds even if it is spring. Such cases often result seriously at this season just because people are careless. A dose of One Minute Cough Cure will remove all danger. Absolutely safe. Acts at once. Sure cure for coughs, colds, croup, grip, bronchitis and other throat and lung troubles. "I have used One Minute Cough Cure several years," says Postmaster C. O. Dawson, Barr Ill. "It is the very best cough medicine on the market. It has saved me many a severe spell of sickness and I warmly recommend it." The children's favorite. Meyer Bro. & Co.

BATTERY HOLDS A MEETING.

Battery B held a meeting last evening and made some changes in its list of non-commissioned officers. Sergeant J. C. Shaffer was promoted to orderly sergeant; Corporals H. C. Moriarity and F. Scham advanced to the office of sergeants; Privates Hollopeter, Beach, Connell, Soest and Pontius to corporals and Privates Philley and Swaidner to buglers. The changes were made necessary by the advancement of Sergeants Ramsey and Clark, who were promoted to lieutenancies. Four new members were admitted and several applications were filed. Major Stevenson, of Indianapolis, will hold the semi-annual inspection on Wednesday evening, April 23.

WILL PLAY ON SATURDAY.

The Shamrocks will play their opening game of the season at home on Saturday with the high school team. Hicks will be in the box for the Shamrocks and Ericson will pitch for the high school boys. Manager Cleary is arranging to play three games here with the Columbian Giants, of Chicago, on April 18, 19 and 20, providing there is no Fort Wayne league team by that time, and should a league team be gotten together before that time the Shamrocks will play the Giants at South Whitley on the 17th.

HOW IT'S BACKED

UNDOUBTED RELIABILITY IS EXPRESSED IN FORT WAYNE INDORSEMENT.

What you want is home indorsement.

The backing of people you know.

Fort Wayne proof for Fort Wayne people.

That's what follows here.

Surely no better backing can be had than the following statement:

Mrs. Sarah Schrage, of 57 Huffman street, says: "I suffered from kidney trouble for a long time and was unable to get relief. My back ached very badly and when I tried to stoop I was taken with a stitch across the small of my back which was very painful. I got a box of Doan's Kidney Pills at Meyer Bros. & Co.'s drug store and they soon drove away every symptom of kidney disorder. I had some trouble in taking them at first, as it is very hard for me to swallow a pill, but I soon found that I could break them up and take them just as well, as there is no bad taste to them."

Sold by all dealers. Price, 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name Doan's—and take no substitute.

Run Down

Then don't expect to be cured in a minute! It takes a little time to get your blood pure and rich. We haven't room to explain. Just ask your doctor why Ayer's Sarsaparilla is such a good medicine for debility, weak nerves, and indigestion.

"I was very poorly and could hardly get about the house. Then I tried Ayer's Sarsaparilla, and only two bottles of it made me feel perfectly well." Mrs. N. S. Swinney, Princeton, Mo.

SHOT IN HIS LEFT LEG.

For all kinds of sores, burns, bruises or other wounds, DeWitt's Witch Hazel Salve is a sure cure. Skin diseases yield to it at once. Never fails in cases of piles. Cooling and healing. None genuine but DeWitt's. Beware of counterfeits. "I suffered many years from a sore caused by a gunshot wound in my left leg," says A. S. Fuller, English, Ind. "It would not heal and gave me much trouble. I used all kinds of remedies to no purpose until I tried DeWitt's Witch Hazel Salve. A few boxes completely cured me." Meyer Bros. & Co.

PIONEER FARMER IS DEAD.

Amos Warner, a pioneer farmer of Cedar Creek township, died quite suddenly on Sunday from paralysis at the age of 68 years. He was well known and highly respected. Surviving relatives include the widow and seven children.

NEGLECT MEANS DANGER.

Don't neglect biliousness and constipation. Your health will suffer permanently if you do. DeWitt's Little Early Risers cure such cases. M. B. Smith, Butternut, Mich., says: "DeWitt's Little Early Risers are the most satisfactory pills I ever took. Never gripe or cause nausea." Meyer Bros. & Co.

Whether Major Rathbone be guilty or not of the crimes for which he was convicted by the Cuban courts, there is no denying Senator Hanna's faith in the man. The Ohio senator, it is said, will furnish a bond of $100,000 to secure Rathbone's release from prison pending consideration of the convicted man's appeal to the president. Hanna is devoting himself with tremendous energy to the labor of rescuing Rathbone from his unhappy situation and it is not an exaggerated estimate of his influence to believe he may eventually succeed.

The Chinese exclusion bill which has just been passed by the house is a much more drastic measure than the law now in force. It bars from coming to the United States not only Chinese by birth and descent, but all Chinese of mixed blood. The Hawaiian islands and the Philippines will not be permitted to furnish this country with Chinese labor for the bill provides against that most effectually. In short the law now in force is re-enacted with additions that inexorably exclude Chinese immigrants.

The "silent vote" that is the nightmare of politicians got in its work in Grand Rapids yesterday when the democratic ticket was overwhelmed by an avalanche of votes. Mayor Perry was defeated for re-election by an opponent who had been a candidate only since Friday. A recent scandal in connection with a big waterworks deal wrought ruin for the democrats. The democratic administration was not responsible for the malfeasance of a corrupt city attorney, but the result of the voting clearly demonstrated how terribly a political party has become handicapped when it has been sponsor for even one official who goes wrong. In Grand Rapids confidence in the party was badly shattered by the misdoings of one official and the whole ticket went down in defeat. No political party can elevate an unfit man to office and escape the wrath of the independent citizens who make up that powerful element so well termed the "silent vote."

Governor Durbin has ordered an investigation of the administration at the state prison and declares that it will be complete and impartial. That is the only kind of an investigation it is worth while to make. But if the board of management of the prison is to have charge of the inquiry it must at the outset be looked upon with some misgivings. While the charges preferred by Dr. Horne immediately affect Warden Reid and Deputy Warden Barnard, they likewise affect the board which has permitted to exist the scandalous state of affairs charged by the prison physician. Participation by the state board of charities in the investigation will in some degree assure impartiality and thoroughness in the inquiry, but it will be easily in the power of the board to handicap the development of facts and in a measure control results. Probably it would serve every proper purpose better if the governor were to commit to a special commission of citizens, including some members of the board of charities, the work of investigation. Such a special commission should be non-partisan and represent in its personnel the highest citizenship of the state. Such a board of inquiry could get at the facts more completely than any other investigating body. They could insure protection to the convicts who may be called upon to testify concerning the abuses alleged. However, we do not mean to prejudge the prison board. The coming inquiry may be conducted honestly and thoroughly. We hope it may so prove. That there is something very malodorous in the prison at Michigan City is tolerably certain and the investigation should result in every reform that decency requires.

IN NORTHERN INDIANA

South Bend is organizing a camp of Spanish American war veterans.

Smallpox has appeared at Andrews. Few people there have been vaccinated, and a scourge is feared.

Harry A. Mott, 13 years old, died at Elkhart from lockjaw. The lad washed the end of a saber two weeks ago.

Pearl Fredericksen a young lass who confessed to having stolen a shawl-day skirt from a Warsaw dry goods house, was fined $5 and costs for shoplifting.

Joseph T. Brown a saloon-keeper at Kewanna, Kosciusko county, has been arrested charged with complicity in the attempt to rob the Claypool bank recently.

City Treasurer Campbell has found a tract of land in the heart of the city of Elkhart without an owner and ambitious citizens are arranging to acquire a title from the government.

Ossian's handsome new Presbyterian church, erected at a cost of $15,000, will be ready for dedication about June 1. It is said to be one of the handsomest small edifices in northern Indiana.

Samuel Stetzel, a farmer 65 years of age residing near Markle, was instantly killed by an Erie train at Huntington Monday afternoon. It is said proper signals were given, but the farmer attempted to drive across the tracks ahead of the train.

Ernest Carpenter, a Decatur lad 11 years old, pounded a dynamite cartridge with a hot nail. Both hands and his face were frightfully lacerated and the eyes were injured. He is a son of Mr. and Mrs. James W. Carpenter.

Ed Wilcox, in jail at Bluffton on a charge of swindling by taking unauthorized subscriptions for eastern publications, escaped Sunday night. He asked the sheriff's wife to prepare him some soda to relieve stomach trouble. Swallowing the dose he simulated strangling and stepped to the door for air. Once outside he took to his heels and has not yet been apprehended.

MEETING IS POSTPONED.

The meeting of the Fort Wayne Poultry and Pet Stock association, which was to have been held this evening, has been postponed until some evening next week. Members will be duly notified of the new date as soon as it is selected by the officers of the association.

Mrs. H. W. Pierce will entertain the Jamais Arriere club tomorrow evening.

HE DENOUNCED LIQUOR EVIL

MAJOR HILTON SPEAKS ON "THE REVENUE OF RUIN."

Evangelist Closes Fort Wayne Labors With a Forceful Lecture—A Talk to Women.

As his farewell message to Fort Wayne, Major Hilton last evening delivered his lecture, "The Revenue of Ruin," and Plymouth Congregational church was well filled to hear the evangelist's forceful denunciation of the liquor evil. In part Major Hilton said:

"A universally accepted wise man whose words come to us down the centuries has said: 'Better is a little with righteousness than great revenues without right.' Were it in my power I should make this the national motto; I should place it over the doorway of every American home. In the light of history as it is making today, however, people do not accept the statement, for one gets the impression that we thought better is a great revenue at any price—even at the sacrifice of homes."

Major Hilton set forth statistics showing the annual expenditures in America for intoxicating liquor, amounting, he said, to $45 at every tick of the watch—a tremendous sum expended for that which never brought blessing to nation, commonwealth or individual. And the revenue yielded by the traffic is the only excuse ever offered for permitting it to exist. "I am not here to make a temperance speech," continued Major Hilton. "I've reformed. It may be necessary to discard the word 'temperance' from the American vocabulary. It is meaningless. Why, the first thing a convention of liquor dealers does usually is to pass a resolution endorsing 'temperance.' The day has gone by for the consideration of this question from a sympathetic standpoint. Let's discuss it as a matter of dollars and cents. Eloquent speakers in the past have pictured its horrors, yet we go right on perpetuating it. This gigantic monstrosity grows so that today we are in a worse position regarding the legalizing of the traffic than ever before."

The speaker drew a comparison of the expenditures in America for education and the amount expended for liquors, assailed American beer as containing poisonous ingredients, and said the traffic in intoxicants was beginning to be regarded as a revenue of ruin, not alone by churches, but by railroads and other gigantic corporations, which will not retain in their employ persons who are addicted to the use of liquors. He scored the treating habit, saying: "We appear to believe in reciprocity when it comes to drinks. We're exceedingly sociable when it comes to treating. That's one of the phases of good-fellowship, but our neighbor might be in sore distress and we would not be particularly concerned about it. The man who takes alcohol into his system lessens his productive power, and the man who takes liquor even out of business hours is not fit for business even in business hours."

He referred to the man who drank only occasionally, and said: "The man who touches it isn't reliable at any time during the year, for you never can tell when he is going to indulge. The calendar doesn't give dates when to take a drink." Major Hilton referred to the difficulty of securing a conviction under the laws, and asserted that you could hang a man over and over again on evidence which would not convict him of a violation of the liquor laws." Tobacco users also came in for a share of censure. "Lots of men," said he, "are not living half as long as they ought, because they're spitting and smoking their lives away." He denied that saloons were a necessary evil, as contended by some eminent New Yorkers, and said the only business stimulated by them was the undertaking business. Liquor stimulation is the sort that means death. Men have set their eyes on a revenue of ruin and are going down to death. He scored the government for permitting saloons at the soldiers' homes and denounced the army canteen in unmeasured terms. Summing up the situation, Major Hilton said: "You and I are here as responsible creatures to do what we can to rid the country of this evil. Let there be no lost opportunity. Knowing the right, let us do it."

ADDRESS TO WOMEN.

Evangelist Hilton addressed a meeting for women only in Plymouth Congregational church Monday afternoon. The attendance was large, and Major Hilton held the undivided attention of his audience for over an hour, discoursing on the influences, direct and indirect, that have an evil effect on children.

The subject of the sermon was "Thieves in the Temple," and the text was Matthew, 21:12, "And Jesus went into the temple of God, and cast out them that sold and bought in the temple, and overthrew the tables of the money changers and the seats of them that sold doves." "Friends," said the evangelist, "if God had cause to be wroth when these men defiled the earthly temple in which God was worshipped, how much more important would He regard the temple of the human soul that it be maintained clean." Major Hilton states that authorities have agreed that a child's moral character is formed between the ages of three and six years. A majority of criminals are made so before they reach the age of seven years.

A great part of the evil among the younger generation of today Major Hilton attributes to the scattering broadcast of cheap and obscene literature, wherein the evilest characters are held up as heroes and heroines and which children are too prone to copy. The speaker told of a number of cases where crimes by children had been traced to this source, and urged that mothers exercise a more careful surveillance over what their children read; that parents seek to win the utmost confidence of their children and be their friends as well as their parents.

Major Hilton devoted much attention to drunkenness among women, and quoted some statistics to show that inebriety among women is increasing more rapidly than among men. A great many women become addicted to the use of intoxicating liquor through using patent medicine, most of which contains alcohol, which is necessary as a preservative of the other ingredients. The speaker told many stories illustrative of the terrible havoc wrought by the use of intoxicating liquor by women, and concluded his address with a strong appeal to his hearers to co-operate with the organizations which have been formed to combat the terrible enemy of mankind—the traffic in liquor.

THE GREAT DISMAL SWAMP

Of Virginia is a breeding ground of Malaria germs. So is low, wet or marshy ground everywhere. These germs cause weakness, chills, fever, aches in the bones and muscles, and may induce dangerous maladies. But Electric Bitters never fails to destroy them and cure malarial troubles. They will surely prevent typhoid. "We tried many remedies for Malaria and Stomach and Liver troubles," writes John Charleston, of Byesville, O., "but never found anything as good as Electric Bitters." Try them. Only 50c. Dreier & Bro. guarantee satisfaction.

Bids will be opened in a few days for the construction of a brick store building for Joseph Mattes, corner of Calhoun and Williams streets.

A DOCTOR'S BAD PLIGHT.

"Two years ago, as a result of a severe cold, I lost my voice," writes Dr. M. L. Scarbrough, of Hebron, Ohio, "then began an obstinate cough. Every remedy known to me as a practicing physician for 35 years, failed, and I daily grew worse. Being urged to try Dr. King's New Discovery for Consumption, Coughs and Colds, I found quick relief, and for last ten days have felt better than for two years." Positively guaranteed for Throat and Lung troubles by Dreier & Bro. 50c and $1.00. Trial bottle free.

The supper to have been given by th men of Plymouth Congregational church has been indefinitely postponed.

CHRONIC BRONCHITIS CURED.

"For ten years I had chronic bronchitis so bad that at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Sold by Dreier & Bro. and Fellens & Foltz.

WHAT'S THE USE OF SUFFERING AND MAKING THOSE AROUND YOU UNHAPPY WHEN SMITH'S GREEN MOUNTAIN RENOVATOR WILL CURE YOU?

Try it and be convinced—we guarantee it to help you.

A great many sick people shake their heads in doubt when you recommend a medicine to them. They say they have tried this and that and it didn't do them any good, and they have lost all faith in medicine.

This sounds very well, but how are you going to get around the facts of *Smith's Green Mountain Renovator?* How can a medicine be sold over and over again to the same people year after year for a quarter of a century unless it is a good medicine? Its advertising did not do it. It was advertised only from mouth to mouth until its present owners got hold of it and placed it within the reach of the public at large.

If it didn't benefit, people wouldn't buy a second time, and the medicine wouldn't have lasted five years, to say nothing of twenty-five years, right in the locality where it is made and is best known.

Up in Northern Vermont when people have blood troubles or any disease or derangement of the liver, stomach or kidneys, they go after *Smith's Green Mountain Renovator* and never think of taking anything in place of it. They know it as the great body-builder. They know that it helps the blood by purifying it, and they know that it helps the digestive organs by cleansing them and strengthening them. They also know that people who take this famous medicine have strong muscles and nerves, good complexion, a clear, bright eye and the alertness of youth.

Everybody gets "run down" now and then on account of stoppages of the liver, kidneys and bowels wherever impurities get into the blood and make general trouble for the whole system. That is what the trouble is with the men you see who are always complaining. That is what the trouble is with pale, listless women you see all about you.

If you belong to this class, you can't get *Smith's Green Mountain Renovator* in too quickly.

We urge you to try it and we guarantee it.

If it doesn't benefit you, you can have your money back.

Neuralgia

Omega Oil Neuralgia is a disease of the nerves, the doctors say. No one knows positively, because it is pretty hard to tell sometimes just what causes any kind of pain. One thing is certain, however. That is Omega Oil. *It cures Neuralgia.* It cures by putting the nerves to sleep. It is believed to be the only external cure known for Neuralgia. Every internal neuralgia medicine is strong and dangerous. Omega Oil cures from the outside, and there is no risk or danger in using it. 100

Will Sell You the American Express Company Travelers' Cheques.

THESE CHEQUES are more available, economical and satisfactory than any other form of Travelers' Credit.

They are issued in denominations of $10, $20, $50, $100 and $200, with foreign money values printed thereon.

TRAVELERS will save time and avoid delays by the use of these cheques, for the reason that they are received by the principal hotels, steamship companies, merchants, shop-keepers and others in settlement of accounts, making it unnecessary to visit banks to obtain funds for such expenses.

If you are thinking of going abroad, or traveling in this country, it would be to your advantage to call upon us and obtain further information regarding the many ways that are provided to make traveling agreeable, restful and free from anxiety.

SHAKE INTO YOUR SHOES

Allen's Foot-Ease, a powder. It cures painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Try it today. Sold by all druggists and shoe stores. Don't accept any substitute. By mail for 25c in stamps. Trial package FREE. Address, Allen S. Olmsted, Le Roy, N. Y.

Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm

cleanses, soothes and heals the diseased membranes. It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Druggists or by mail; Trial Size, 10 cents by mail.

ELY BROTHERS, 56 Warren Street, New York.

Despondency

Is often only a symptom of dyspepsia. In dyspepsia there is a loss of nutrition which is felt by brain as well as body; the mind grows morbid as the body loses vigor.

Doctor Pierce's Golden Medical Discovery cures dyspepsia and other diseases of the stomach and associated organs of digestion and nutrition. It enables the proper nutrition of the body and restores mental cheerfulness as well as physical strength.

"For about two years I suffered from a very obstinate case of dyspepsia," writes R. F. Bedford, Esq., of 13 Eastern Ave., Toronto, Ontario. "I tried a great number of remedies without success. I finally tried faith in them all. I was so far gone that I could not bear any solid food on my stomach for a long time. I felt melancholy and depressed. Could not sleep, nor follow my occupation. Some four months ago a friend recommended your 'Golden Medical Discovery.' After a week's treatment I had derived so much benefit that I continued the medicine. I have taken three bottles and am convinced it has in my case accomplished a permanent cure. I can conscientiously recommend it to the thousands of dyspeptics throughout the land."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs.

Dr. Pierce's Pleasant Pellets stimulate the liver."

WILL YOU SPEND ONE CENT

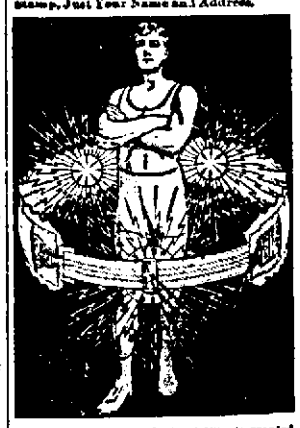
To Obtain a Trial Bottle of the Best Remedy on Earth?

Alma-Brome [illegible] the waters of the celebrated mineral spring at Alma, Mich., evaporated to crystallization, is the best home remedy for the speedy and permanent cure of constipation, stomach, liver, kidney and nervous diseases; to remove the cause of headache and rheumatism, and to clear the complexion. Pleasing to the taste; agreeable to the stomach; cleansing to the bowels; soothing and strengthening to brain and nerves; this aperient, tonic and nervine is unequaled. It is for sale at druggists for 50 cents a bottle. Send a postal card to The Michigan Drug Co., Detroit, Mich., requesting a trial bottle which will be mailed you free and prepaid.

An Electric Belt Free

Send Your Application At Once To The Physician's Institute.

They Will Send You Absolutely Free One of Their 1900 Gleaner Supreme Electric Belts, the Belt Which Has Made so Many Wonderful Cures—You Needn't Send Even a Postage Stamp, Just Your Name and Address.



Seven years ago the State of Illinois granted to the Physicians' Institute of Chicago a charter.

There was need of something above the ordinary method of treatment for chronic diseases, something more than any one specialist or any number of specialists acting independently could do, so the Institute itself, under the powers granted it by its general laws, gave the power to the Physicians' Institute to furnish to the sick such help as would make them well and strong.

Ever since its establishment the Institute has endeavored in every possible way to carry out the original purposes of its establishment under the beneficient laws of the State.

Three years ago the Physicians' Institute, realizing the value of electricity in the treatment of certain phases of disease, created under the superintendence of its staff of specialists an electric belt, and this belt has been proved to be of great value as a curative agent. From time to time it has been improved until it now has that stage of perfection which warranted its present name of "Supreme."

This belt is the most effective of all agencies in the cure of rheumatism, lumbago, lame back, nervousness, exhaustion, weakness of lost vital functions, varicocele, kidney disorders and many other complaints.

This "Supreme Electric Belt" is made in one grade only—100 gauge—there is no better electric belt made and no better belt can be made. Whenever in the opinion of our staff of specialists the wonderful curative and revitalizing power of electricity will cure you we send you, free of all cost, one of these Supreme Electric Belts, if it is not sent on trial, it is yours to keep forever without the payment of one cent. This generous offer may be withdrawn at any time, so you should write [illegible] at this free "Supreme Electric Belt" to The Physicians' Institute, 24 1076 Masonic Temple, Chicago, Ills.

TALK OF FRANCHISE ACTION

CITY LINE FRANCHISE MAY COME UP TONIGHT.

Rumors That Council Will Take Up Loop and Extensions Grant—About the City Hall.

The city council will meet this evening in regular session and there are weird rumors afloat which can not be traced to a reliable source. It is stated that an effort will be made to put the Fort Wayne Traction company's extension proposition through at this session. The extensions contemplated in the proposition as submitted include the Columbia-Lafayette-Main street loop, the double track on West Main street, the South Broadway line, the Calhoun-Johns-Organ street extension, the Pontiac street line and the Winter street-Pioneer avenue feeder. Just how far organization for this purpose has been perfected can not be determined by inquiry. Clerk Schmidt says he knows of nothing positive, but had "heard that it would come up." Chairman Eggemann said he knew "nothing for sure." Every councilman seen said that he had heard something about it, but could not remember just who told him and nobody seemed to know in what form the matter was to be presented.

ASK PAVING APPROPRIATION.

The board of works held a special meeting this morning for the purpose of considering the Fairfield paving proposition. The result of the meeting was that the clerk was instructed to request the council to appropriate $3,500 for the pavement in question, which is to extend from the terminus of the pavement as it now is to Organ avenue. The request will be presented to the council this evening. The city engineer was also instructed to prepare plans and specifications for a sidewalk at Fairmount place. At the meeting of the board yesterday afternoon only some unimportant routine business was transacted.

WHAT A PALMIST SAYS.

Among other things which will possibly occupy the attention of the council this evening will be a long communication from E. E. Parker, discussing the proposed ordinance for the registration and licensing of palmists and clairvoyants. Mr. Parker writes intelligently in the defense of palmistry, which he says is a science, and thinks that resident palmists should be exempt from license fees.

BIG BUILDING PERMIT.

With one exception, the most comprehensive building permit, so far as valuation of the contemplated improvement is concerned, ever issued to a single person in a single day was issued by City Clerk Schmidt this morning. The exception is the permit for building the court house, and the one issued today was to W. W. Rockhill, for the board of school trustees, permitting the erection of the public library and the high school buildings, the aggregate valuation being placed at $235,000. The net cost of the two permits was $2, but Mr. Rockhill, with an eye keen to business, immediately offered to sell them to The Sentinel's city hall speculator for $3. The deal fell through on account of the absence of the three.

CITY HALL NOTES.

City Engineer Randall was this morning engaged in fixing grades for sidewalks on Winter street, contracted for several months ago.

Frederick Stahl has been granted a permit to build a house on Oakley street, at a cost of $1,200.

Paving material representatives are leading strenuous lives in the Tenth ward these days. An effort to change the selection of the board of works from brick to asphalt is being made and much energy is being expended, likewise some other more negotiable commodities. The time for filing th remonstrance expires tomorrow midnight.

WILL WED IN CHICAGO.

Dr. H. T. Rink, a well known young dentist of this city, will be united in marriage May 28 at Chicago to Miss Ida Graf, of that city. Dr. Rink and his bride will reside in Fort Wayne.

REV. HOWARD TO LECTURE.

Rev. J. Howard will deliver a temperance lecture Wednesday evening at the Free Methodist church on East Creighton avenue. His subject is "Character Building."

AT POLICE HEADQUARTERS.

There was no police court this morning and Judge Louttit is of the opinion that the moral wave has struck Fort Wayne and struck it right. The judge says that if he thought it would not stop his salary he might be inclined to resign.

J. C. Hoffman, a farmer living west of the city, last evening lost a pocketbook containing about $8. Anybody returning the eight can keep the pocketbook.

Mrs. William Traxler, of 81 Elizabeth street, had a fifteen dollar money order cashed at the postoffice yesterday afternoon. She went direct from the postoffice to the county treasurer's office to pay her taxes, but like Mother Hubbard, "When she got there the cupboard was bare, and so the poor treasurer got none." She says she has no distinct recollection of picking up the bills when they were laid down to her at the cashier's window, although she recollects that the money consisted of one five and one ten-dollar bill. If she took the money with her, she lost it between the postoffice and court house.

DR. HICKMAN NOW AT LARGE

RELEASED FROM JAIL ON A CASH FORFEIT.

A Brother-in-Law Whose Name is Not Known, Furnishes the Money—The Court News.

Dr. T. L. Hickman is once more a free man. Today his brother-in-law, whose name nobody seems to know, arrived in the city from Findlay, O., and went into consultation with Will Ryan, Hickman's attorney. This afternoon Mr. Ryan deposited $500 in cash with County Clerk Belot as security for the doctor's appearance when the case is called. The mysterious part of the matter is that nobody seems to know what the brother-in-law's name is. It has always been the rule in local courts that when cash bail was put up it should be placed in the hands of a local fee-holder, who could qualify in the usual manner, and then accept his bond with the deposit. Whether the procedure of today is legal or not is a matter of question.

A commission presided over by Justice Bullermann is today inquiring into the sanity of Elizabeth Smith, the lady afflicted with an overdose of spiritual visitors.

Erie A. Seibert was today divorced from Francis Selbert, was given the custody of their minor children and alimony in the sum of $10 per month for a period of six years.

William Stahl was today given a judgment against J. T. Adams and the American Surety company for $52.50 for wages due him.

The Meyer vs. Beverforden case will be retried May 26. The case is one for damages resulting through the death of the plaintiff's wife by the alleged mistake in filling a prescription for carbolated cotton.

The circuit court was not in session today, Judge O'Rourke being out of the city.

Rena Craig sues for divorce from Walter D. Craig, alleging abandonment, cruelty and failure to provide. The parties were married in '98 and parted last July.

Monday afternoon Judge O'Rourke granted to Temporance M. Majoribank a divorce from Henry W. Majoribank. The plaintiff also had restored to her her maiden name, Temporance May Clyne.

In the case of Brundidge vs. Taylor a decree quieting title was issued.

LOCAL LINES.

The Ladies' auxiliary of the A. O. H. will meet at Library hall tomorrow evening to make arrangements for attending the funeral of their deceased sister, Mrs. Edward Conroy.

I. Rubenstein, one of the most prominent citizens of Montreal, Can., was in the city yesterday for a flying visit to his sister, Mrs. F. Cohen. Mr. Rubenstein has been an extensive traveler and has seen much of the world, but he declared the Allen county court house to be one of the most beautiful public buildings he had ever seen.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Our Cut Glass is brilliant and sappy, because we pay the price and get the best. Dallas F. Green, Arcade Jeweler.

LOCAL LINES.

Miss Edna Wones, of Wolcottville, is the guest of Miss Grace Ferris, of 217 East Fourth street.

Mrs. Thorwald Anderson entertained the Thursday afternoon Thimble club in honor of Mrs. M. E. Wilde, of Milwaukee. The rooms were decorated with palms and Easter lilies. The guests numbered thirty-five and the features of the afternoon were pedro and needle contests. A three course luncheon was served after the games.

The funeral services of the late Mrs. Viola Shober were held yesterday afternoon at the residence of her daughter, Mrs. Ethel Noble, 919 Elm street, Toledo. The services were conducted by Rev. Rosselotte, of the U. B. church, and the interment was at Forrest cemetery. Perry Shober, a son, and several other friends from Fort Wayne were in attendance and flowers were received from friends in this city and Dayton, Ohio.

George Dunning, an old-time commercial traveler and a resident of Toledo, died at St. Louis, Mich., Sunday night, aged eighty years. He had gone to the St. Louis sanitarium for treatment, but died soon after reaching that place. The funeral takes place at Toledo tomorrow, under the auspices of Sanford Collins Masonic lodge. Many of the business men and traveling salesmen of Fort Wayne knew the deceased and will be sorry to learn of his death.

DIED IN SAN FRANCISCO.

The many friends in this city of Thomas McCaffrey will be pained to learn of his death, which occurred Saturday at San Francisco. He was formerly a resident of this city, leaving here several years ago to take a position in California. Mr. McCaffrey was thirty-one years old and leaves a wife, besides his mother and several sisters and brothers, some of whom reside in this city. The remains were interred at San Francisco today.

HEADACHE CHARMED

IT IS THE EXPERIENCE OF FORT WAYNE PEOPLE THAT PROVES THE MAGICAL EFFECT OF DR. A. W. CHASE'S NERVE PILLS WITH SICK AND NERVOUS HEADACHE.

It has never come to any other medicine—never to all medicines—the abundance of Fort Wayne testimony showing the unequaled merit established by Dr. A. W. Chase's Nerve Pills. There is probably no case of nervous sick headache they will not cure.

Mrs. John Irwin, of No. 16 Monroe street, Fort Wayne, Ind., says: "I used to suffer from good, hard, nervous sick headaches—headaches that prostrate and leave one nervous. I was advised to use Dr. A. W. Chase's Nerve Pills and got some at Meyer Bros. & Co.'s drug store, No. 14 Calhoun street. The medicine has been a great boon, the headaches are gone and with them the attendant nervousness and depression. I think the Nerve Pills particularly good." Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

Stand by the Standard!

Price's Cream Baking Powder is everywhere the acknowledged standard, the powder of the highest reputation, greatest strength, and absolutely pure. It renders the food more healthful and palatable, and using it exclusively you are assured against alum and other dangerous chemicals from which the low-grade powders are made.

Dr. Price's Baking Powder is sold on its merits only—never by the aid of lotteries, gifts, commissions or other schemes. The entire value of your money comes back to you in baking powder—the purest, most economical made.

PRICE BAKING POWDER CO., CHICAGO.

NOTE.—Alum baking powders are low priced, as they cost but three cents a pound to make. But alum leaves in the bread or cake glauber salts, sulphuric acid and hydrate of alumina—all injurious, the last two poisonous.

PUNCTURED HIS HAND.

Clem Noll, of the White Fruit House, sustained a painful injury this morning, when in handling a barrel, a nail sticking in the cask was sunk deeply into the back of his right hand, puncturing a vein and causing excessive hemorrhage. The injury was dressed by Dr. W. E. Stemen.

Dr. C. B. Stemen is at Nevada, O., on professional business.

Miss Helen Mohr begins to show encouraging improvement from her recent illness. Over a week ago Miss Mohr underwent an operation upon her nose, and has been seriously ill.

KEEP A STIFF UPPED LIP!

MRS. HORTON RECOVERS.

Popular Editor Ladies' Secret Society Journal to Continue Her Work.

Voices Sentiments of Many Others in Her Praise of Blood Wine.

Providence, R. I.—Mrs. A. B. Horton, Editor of the "Ladies' Secret Society Journal," who has been in ill health for some time, and obliged to discontinue all her work on this excellent little paper, has completly recovered her former health and will resume her work at once. Mrs. Horton is one of the East's brainy writers. Her contributions have won her many friends and admirers in the literary field, all of whom will be glad to learn of her recovery. Speaking of her illness she says: "You know my work

MRS. A. B. HORTON.

is very trying on one's nerves, and unless one is situated so as to ward off approaching sickness, one is almost sure to have some sort of nervous trouble, sooner or later. Nearly every writer does. I stood it as long as I could, and was about to give up and take a rest when I had a collapse, and was taken very ill. I had the best medical advice, but did not seem to gain much. In fact, I appeared to go from bad to worse. I was troubled terribly with insomnia, had no appetite, and couldn't think—in fact, I was just about a total wreck. I took various medicines for nearly a year, and made up my mind that nothing would help me, when one day my physician said he wanted me to try "Blood Wine," and explained to me all about it. I obeyed him, but didn't seem to improve at first. I took nearly a bottle, when all at once I began to feel better. I continued its use, and to-day I am a well woman. You see for yourself that I am the picture of health and I will solemnly swear that "Blood Wine" made me what I am. Several members of the family have used it and my husband, who has been on the verge of nervous prostration, is now fully recovered. We cannot speak too highly of this grand preparation, and I should be glad to correspond with anyone who would like to know more about it. I hope some one will be benefited by my testimonial."

"Don't wait, thinking that perhaps you will get well without medical assistance. You can kill one germ easier than you can kill a million. The secret of getting good health and keeping it is in being on your guard. It isn't necessary to do any costly experimenting with "Blood Wine" neither do you have to send away for it, but you can go to your druggist and sample it free of charge. If you don't say that it possesses the snap and characteristics of a thing that would do the work, don't buy it. The makers of "Blood Wine" make no false statements regarding its curative properties; their announcements are not extravagantly phrased, neither do they want anyone to buy their remedy who has the least doubt that it will not do all they claim for it. "Blood Wine" will make new blood. It cleanses, filters, purifies and enriches the blood. It makes new tissues in the lungs. It builds fresh cells in the kidneys. It constructs a new lining in the stomach. It weaves healthy membranes in the heart and other delicate organs of the body, and it contains no wine or opiates. Bear in mind it will do all that you can reasonably expect it to do.

"Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at

JUDSON ALTON EXCURSIONS
ESTABLISHED 1880 PERSONALLY CONDUCTED

YOU are invited to accept these extraordinary ticket bargains and the advantages of the Judson-Alton Through California Service. Sleeping Cars, without change, Chicago to Salt Lake City, San Francisco, Los Angeles and Portland. Two routes—"Scenic" and "True Southern."

Mr. Geo. H. Leonard, Agent Judson Alton Excursion Company, 509 Marquette Building, Chicago, Ill., will gladly elaborate upon the foregoing. He deals in that direct way which is the result of experience in arranging transcontinental journeys. He has in connection with which are "worth while," and his courteous assistance does not end when tickets are bought. Specially selected tourist managers go through from Chicago to the Pacific coast attending to the checking of baggage, posting out security and places of interest, calling the attention en route which makes the transcontinental trip comfortable and enjoyable. Let Mr. Leonard place your name on his mailing list for detailed advertising matter. His little book explains everything, answers all questions.

If it is not California, it may be some other Western State. To almost all we have greatly reduced rates and through cars. Do us the honor to let us figure with you.

THE MARKETS.

Chicago, April 8.—Opening business in grains was indifferent and uninteresting today. May wheat started ½@¾c to a shade lower at 71⅛c to 71¼c on steady cables which did not respond to the local strength of yesterday. The weather also was improved for the growing wheat and local bears offered stuff in fair amounts. Commission houses took some of the offerings and the market held steady at 71@71⅛c. July was bought fairly and worked against a decline. There was, however, almost no fluctuations the first hour. Local receipts were 70 cars, 1 of contract grade. Minneapolis and Duluth received 165 cars, making a total for the three points of 235 against 276 a year ago.

On the early dullness May wheat eased to 71c. Later there was good buying and on the report of nearly a million bushels clearances and small receipts prices advanced steadily. May touched 71¾c and closed firm, ⅜c up, at 71⅞@71¾c.

There was something of a better tone in corn early. Cables were lower and the opening was practically unchanged, but in spite of the warmer weather there was a tendency to buy around 58c for May. Trade was not large. Offerings were taken well by commission houses and some shorts covered. Liverpool advices continued bearish in that there have been liberal receipts at that point and practically nothing sent from this side. May started ⅛@¼c lower to a shade higher at 57⅜c to 58c, sold at 58@58⅛c and eased again to 57¾@57⅞c. Receipts were 99 cars.

May corn sold early at 57⅛c. Covering and a change in sentiment, aided by wheat, advanced prices and May closed very firm, ¾@⅞c higher, at 58¼c.

May oats opened ⅛c up at 42⅜c on face buying influenced by the better cash situation. Trade, however, was slow and the market showed no features. May eased to 42⅜c and steadied. Other futures had a slightly better tone. Receipts were 127 cars.

Provisions were slow and weaker at the opening and showed tendencies of slumping again. The hog market was steady, but pork was liquidated liberally and caused declines. May pork opened 2½c lower at $16.40 and eased to $16.35; May lard unchanged at $9.47½ and sold to $9.42½@9.45, and May ribs 7½c lower at $8.75 and fluctuated 2½c.

THE CLOSE.

Prices at the close were as follows:

Wheat—April, 71⅞@71¼c; May, 71¼@71⅝c; July, 72¼c; Sept., 71⅜@71¾c; Dec., 73⅛@73¼c.

Corn—April, 58c; May, 58¼c; July, 59c; Dec., 47½c.

Oats—April, 42c; May, 42⅜c; July, 33⅞c; Sept., 28⅞c; Dec., 29⅛c.

Pork—April, $16.40; May, $16.45; July, $16.60.

Lard—April, $9.47½; May, $9.50; July, $9.62½; Sept., $9.72½.

Ribs—April, $8.80; May, $8.82½; July, $8.95; Sept., $9.05.

Flax—Cash N. W., $1.66; May, $1.67.

Rye—May, 54½c; July, 55c.

Barley—Cash, 61@66c.

Timothy—April, $7.00.

Clover—Cash, $9.00.

BUTTER, CHEESE AND EGGS.

Chicago, April 8.—Butter—Market firm; creameries, 23@30c; dairies, 23@27c.

Eggs—Market firm, 14½@15c.

Cheese—Market steady; twins, 12c; daisies, 12½c; young Americas, 13c.

CHICAGO LIVE STOCK.

Chicago, April 8.—Cattle—Receipts, 4,000; market steady. Good to prime steers, $6.50@7.30; poor to medium, $4.25@6.50; stockers and feeders, $2.50@5.25; cows, $1.25@5.75; heifers, $2.50@6.00; canners, $1.40@2.10; bulls, $2.50@5.25; calves, $2.50@6.00; Texas fed steers, $5.00@6.00.

Hogs—Receipts today, 15,000; tomorrow, 24,000; left over, 4,018; market steady. Mixed and butchers, $6.55@7.00; good to choice heavy, $6.85@7.07½; rough heavy, $6.55@6.85; light, $6.40@6.70; bulk of sales, $6.75@7.00.

Sheep—Receipts, 7,000, market steady; lambs weak. Good to choice wethers, $5.25@5.75; fair to choice mixed, $4.50@6.00; native lambs, $4.75@7.00.

THE DAY ON WALL STREET.

New York, April 8.—Some of the stocks listed on foreign exchanges reflected a demand for London account in the opening dealings. Elsewhere in the list there were sharp reactions. St. Louis and San Francisco rose 1½ and Wisconsin Central preferred a large fraction. Amalgamated Copper and Colorado Fuel dipped ⅜ each. The market was quite active and broad.

Supporting orders appeared in Colorado Fuel and Amalgamated and helped to rally the market. These stocks rallied to ½ and 1⅛ respectively over yesterday's close. There was confident buying of Louisville which lifted it 1¾. Prices averaged slightly above last night for the active list and there were some important gains in the specialties. Smelting, Northwestern, St. Paul preferred, Duluth, South Shore and Atlantic stocks, New York, Chicago and St. Louis, Wisconsin Central preferred, Westinghouse Electric, Twin City Rapid Transit, Rubber Goods, International Silver, Bicycle preferred and Ice preferred rose between 1 and 2 points, St. Louis and San Francisco and Rubber Goods preferred 2½ each and Cleveland, Lorain and Wheeling 3½. Metropolitan Street Railway advanced 2 points to 167, but the other transactions were not much affected. Anaconda, Lake Erie and Western preferred, Nashville, Chattanooga and St. Louis and the Minneapolis, St. Paul and Sault Ste Marie stocks declined 1@2.

Traders took profits in special stocks and bid others to a high level, causing a confused tone. Louisville was about the only leading stock that showed consistent strength and it sold up to 110 on very large dealings. The trans-continental stocks were largely dealt in, but moved only fractionally. Amalgamated reacted a point and Metropolitan Street Railway and Ice preferred lost more than their earlier rise. Meanwhile Sugar, Consolidated Gas, Denver and Rio Grande, General Electric, Illinois Central, Missouri Pacific, the Chicago Terminal stocks, Chicago Union Traction, Keokuk and Des Moines, the United States Rubber stocks, United States Express and New York Dock gained a point each and the Minneapolis, St. Paul and Sault Ste Marie stocks and Anaconda recovered fully. Sugar lost its gain before noon and American Telephone and Telegraph fell 2 points. The market became quieter.

Bonds were firm at noon.

PAINE'S CELERY COMPOUND

Reaches the Root of Every Female Trouble and Makes our Women Strong and Vigorous.

It is a most regrettable fact, and a calamity, too, that our women, young and old, are numbered amongst the most unhealthy of females in the civilized world. For delicacy of beauty, intellectual capacity, and for all graces that adorn the sex, they stand peerless; but it is doubtful if one in ten be found who is functionally and organically well.

This absence of feminine health and vigorous vitality is due to a neglect of nature's unerring laws. Immediate reformation is necessary if our nation would have women who will become true wives and mothers with an offspring that will prove a strength to the country.

For the special weaknesses to which women are now victims, Paine's Celery Compound is the surest and safest remedy. The wonderful strengthening and building-up properties of this marvelous prescription devised by that eminent medical expert, Prof. Edward E. Phelps, M. D., LL. D., and its specific action in correcting disorders of the female organism, are well known to the medical profession and to the tens of thousands of women who have been raised from weakness and disease to health and physical happiness.

Paine's Celery Compound quickly gives the true health tint to sallow and bloodless faces; it gives life and light to the eyes; it gives pure, clean blood to course through the body; it gives natural appetite, sweet sleep, and that blessed cheerfulness that is the delight of men. Try a bottle or two of Paine's Celery Compound, dear suffering and run down sister. Your condition, your family interests and the welfare of society demand this effort on your part.

ELECTRIC WORKS SEND OUT SOME BIG MACHINES.

SOCIAL AT MACCABEE HALL

B. OF L. F. AND LADIES' SOCIETY ENTERTAIN.

RAILROADING IN FRANCE

J. M. ERWIN WRITES OF HIS EXPERIENCE ABROAD.

The advance shipment of what is to be a big consignment of machinery and electrical supplies for a street car plant left the Fort Wayne Electric works this morning for Manitowoc, Wis., consigned to the Manitowoc Traction company. This consignment was a 3,000-light generator, and it is to be followed by other machines and attachments later, possibly Friday or Saturday. Another shipment from the works today was a big switchboard for the Daily Advertiser and Evening Record, Boston. Yesterday a thirty-horse power motor left the works, consigned to parties in Springfield, Ill.

THE JOINT SOCIAL.

The joint social and entertainment given by A. G. Porter lodge, No. 141, Brotherhood of Locomotive Firemen, and the Ladies' society, last evening, drew a crowd too large for the brotherhood's hall and the gathering took place at the Maccabee hall, 107 and 109 Calhoun street. The early part of the evening was devoted to progressive pedro, then came the banquet served by the Ladies' society, after which a portion of the hall was cleared and those so inclined indulged in a dance. Many firemen from other cities were present and two lodges, William Hugo, No. 166, and Hope, No. 4, of Huntington, were represented liberally. Among the visitors from Huntington were Mesdames W. R. Cole, Clem Miller, M. A. C. Miller, E. Wahlnits, Sadie Schoenel, Apha Arehart, Lillie Lewis, M. S. Morford, S. G. Hale, J. Baumbaugh, J. Sheer, F. W. Grayless and Charles Wheeler and Messrs. M. A. Miller, G. W. Rea and A. R. Turner. These social gatherings occur once a month, but this is the first one to which invitations were issued to brotherhood and auxiliary members from other cities. It was an experiment which establishes a precedent that will be repeated many times in the future. Nothing does more to upbuild an order than such functions as that of last evening. In the pedro games Mrs. Schoenell, of Huntington, won the first lady's prize and Fireman W. Beidenweg, of the Pennsylvania, won the first gentlemen's prize. Miss Grace Chase furnished music on the piano for the dancing.

RAILROADS IN FRANCE.

Engineer George Erwin, of the Pittsburg road, is in receipt of an interesting letter from his cousin, J. M. Erwin, who is now in France in the interest of a publishing house, he being a journalist of considerable note. The writer of the letter is a native of Bourbon and a few years ago was quite well known to the Pittsburg railway men. Of the railways of Europe, Mr. Erwin says:

The beds and tracks are well laid—even better than the unimportant lines in the United States. No better, of course, than such lines as the Pennsylvania company, New York Central, etc. There are but few grade crossings, and in those cases there is always a guardian who lives in a little cottage, and who is always there to open the gate for people who want to pass. In fact, the gates are open and remain open until just before the arrival of a train, when a bell rings and the man shuts the gates. The gates are of iron and push back and forth on wheels.

The cars are short things, like American box cars, and they rattle and bob about until you think they are going to jump the track at any minute.

There are three compartments in each car, with doors on the sides, and each compartment, if first class, seats eight persons, and, if second class, ten persons. It is against the law for any one to remain standing in the compartment, although once in a while this is done. The seats are placed so that the passengers face one another. They are well upholstered and are usually very comfortable, but the car being such a little bunty affair, one is knocked about a great deal. The engines have a primitive look. They resemble the pictures we have seen of the early railway locomotives. In one striking respect they differ from American locomotives, and that is in the fact that they have no cow-catchers. Many of the locomotives on short runs have practically no cabs—just a little canopy on top, so that the engineer and fireman (called the "mechanicien" and "chauffeur") are about the same as out doors.

These features that I have given you apply to the generality of the equipment. Many improvements have been made in the last few years, and now on the through trains there are corridor cars, a few coaches built on the American plan, but shorter, and some of the locomotives are up to date and can jerk a light train along at 60 to 70 miles and hour. Quite a good many American locomotives have been sent in here, too.

On the train there is no such an official as the "conductor." The guards on the station platforms attend to shutting the car doors just before the train leaves. There is a kind of baggage master, however, who always rides in a little dinky car at the tail end. The absence of anything like a conductor, and the fact that the passengers are shut in little compartments—sometimes only two in a compartment—makes it possible for robberies and murders to be committed, and for the culprit to escape, without any of the officials or other passengers knowing anything about it until the train arrives at the next station. And these depredations occur, too, with painful frequency. In another hundred years, I think, France will be up to date with her railways. In Germany the system is worse than in France, in Italy it is still worse, and in Spain, Austria and other eastern countries it is "rotten." In England it is much better.

EXPECT A BIG CROWD.

Indications point to an immense crowd on the opening Sunday excursion to Rome City. The company has ordered plenty of cars for the occasion and will have everything in good shape at the resort for the accommodation of the excursionists, and particularly those who go there to fish. Of course the weather will be quite a factor in deciding the number of excursionists, but there are lots of fishermen who will not be frightened out of the trip by anything short of zero temperature.

CHANGE IS ANNOUNCED.

F. S. Hunting, sales manager of the Fort Wayne Electric company, announces officially the resignation of Cornell Morganthaler as traveling supply representative of the company and the appointment of Messrs. T. L. Sturgeon and Fred L. Reynolds to similar positions, the territory being extended so as to warrant an increase in the number of salesmen. The Sentinel mentioned these resignations and appointments several weeks ago.

THE SUBSIDY CARRIED.

Wayne and Penn townships, in Jay county, voted upon the question of subsidizing the Dayton, Union and Huntington road. Notwithstanding the bitter fight put up by the farmers, the subsidy carried by 175 majority in Wayne and 195 majority in Penn townships. The former gives $58,000 and the latter $16,750 to the enterprise.

A NEW FREIGHT CREW.

Conductor J. S. Vervalin, of the Nickel Plate, who was visiting relatives in Cleveland, has returned here and has received a new assignment in the train service. He will hereafter run on the Fourth division and will have with him Brakemen Marshall and Bressler.

BIG ABSENTEE LIST.

Ben Bower had a hand injured yesterday by a fall; J. H. Coffee is laying off for the purpose of moving and the following are off duty on account of sickness: E. Bennett, B. F. Hostettler, F. M. Richard, A. Hetler, H. S. Geerken, C. Doehrman, J. Laughlin, George Telley, James Trythall, John Rupp and William Roythans. All are Pittsburg shopmen.

THE BALDHEADED ENGINEER.

Under this head, G. W. Applegate, who is known as the "Bard of the Pittsburg," writes the following verses about a man well known in Fort Wayne railway circles:

Hank Strasser is a lengthy man.
He's what we call a dandy;
And he can pound an engine hard,
Whenever it comes handy.

One day he had a high-class run.
And they gave him the right of way.
But he turned them along so cussed fast
That his hair all blow'd away.

He sits up in the engine cab.
While his 'gine goes leapin' and jumpin'.
And across his face there spreads a smile.
Like a large crack in a pumpkin.

He draws her down in the corner notch.
And with Nature he begins to spoon:
The fireman shovels the "Diamonds" in.
As he gazes at Hank's "full moon."

There are many men on the great P. F.
That drive the iron horse "Jessie,"
And one of the best of the speedy lot
Is our old friend Henry Strasser

TAKES A BRIDE WITH HIM

H. J. Schmidt, the Pittsburg shopman, whose contemplated trip to Kansas City was mentioned by The Sentinel yesterday, will be accompanied by a bride on that journey. The young lady resides near Rome City and the marriage ceremony will take place at the home of her parents tomorrow. Mr. Schmidt supposed he was keeping his matrimonial affairs a secret, at the shop at least, but relatives of the bride "gave it away." Mr. and Mrs. Schmidt will go to housekeeping immediately upon their return from the wedding trip in a house that is now being prepared for them.

A STUBBORN COLD OR BRONCHITIS
yields more readily to Scott's Emulsion of cod-liver oil than to anything that you can take; and if persistently used a few days, will break up the cold.

When you awake in the night choked up and coughing hard, take a dose of the Emulsion, and you will get immediate relief, where no cough medicine will give you relief. It has a soothing and healing effect upon the throat and bronchial tubes.

Most people understand Scott's Emulsion is a great body builder—but it is equally good to allay inflammation and cure colds and violent coughing.

INDUSTRIAL NOTES.

Nickel Plate Fireman J. G. Byer, who has been sick ten days, resumed work yesterday.

F. A. Weigand, a tinner at the Pittsburg shops, is attending the funeral of his father-in-law.

W. Young, of the Pittsburg boiler shop, will be off duty a few days on account of an injured hand.

C. Bitner, a Nickel Plate yard brakeman, has gone to Kansas City to visit relatives a short time.

A. H. Donnelly has taken a position at the boiler room in the power station of the Pittsburg shops.

Julius Koch, who was sick a few days, resumed his duties at the Pittsburg machine shop this morning.

G. W. Berlin, who was visiting his father, road supervisor at Warsaw, resumed his duties in the Pittsburg machine shops this morning.

Charles Spillner, son of Officer Spillner, of the city police force, took a position as pipe fitter at the Wabash copper shop this morning.

George Anderson has been transferred from the foundry to the machine department of the Bass works.

Machinist Alonzo Swank, of the electric works, has returned home after a trip out in the interest of the company.

Conductor McGill and Brakeman D. C. Potts, of the Nickel Plate, are off duty, the latter on account of sickness.

The Bass works yesterday shipped three twenty foot steel shells to the American Clay Working Machinery company, Willoughby, O.

General Russell A. Alger passed through the city in a private car attached to Pennsylvania train No. 21 this morning. He was en route to Chicago.

The Pennsylvania railroad is experimenting with some of the Baltimore and Ohio's heavy engines, ten of them having been transferred for that purpose.

Machinist Ernest Workman, of the Pittsburg shops, has purchased a fine black trotting horse and will prepare for the amateur race events of the coming season.

Foreman J. J. Bauer and Machinist Gus Hobrock of the Electric works, left last evening to join the Fort Wayne delegation at the grand lodge meeting of the A. O. U. W.

Charles Grovesnor, who recently came out of his apprenticeship at the Bass machine shops, resigned his place with that company to take a position at the factory of the Western Gas Construction company.

Conductor Charles Bushey and Brakeman C. Gray have resumed their places in the through freight service of the Nickel Plate. The former was on a local freight run between Bellevue and Leipsic some time.

Motive Power Superintendent D. F. Crawford, of the Pennsylvania, went to Chicago this morning on business for the company. He was accompanied by Robert A. Boles, a jobber in big tools and a frequent visitor hereabouts.

K. M. Power, the steamfitter, who went to St. Joseph hospital on Easter, suffering from bladder troubles, has so far recovered that he is able to walk about the halls of that institution and will soon leave for his home. He is employed in the Pittsburg shops.

Nickel Plate engine 103 has gone to the Stony Island shops for repairs and engine 92 has been turned out of that shop after receiving repairs. The latter engine will go into freight service on the Third division, with Engineer James Quinn and Fireman T. Albright in the cab.

Henry Gumbert, the upholsterer, and Henry C. Gumbert, the fine cutter, father and son, and employes at the Pittsburg shops, and Miss Gumbert, will leave tomorrow for Walkerville, Ind., where they will attend the wedding anniversary of Mr. Gumbert's brother and his wife.

Lee Debolt, who last week resigned as chief train dispatcher of the Lake Erie and Western at Peru, was presented by the trainmen on his division with an expensive gold ring as a token of their esteem.

Timothy J. Curran, who quit the Pennsylvania shops to take a position at the Wabash shops last February, resigned the latter position last night and will leave this evening for Lafayette, where he has the promise of a position in the Monon shops.

Machinist Wayne Templar resumed his duties at the Wabash shops this morning, being accompanied by an ample supply of cigars for the boys. Mr. and Mrs. Templar are now keeping house at 221 Wilt street, the property being the wedding present from the groom's father.

Eugene Oppenhamer, of the Wabash machine shops, who had a hand badly injured some weeks ago went to the company's hospital at Peru this morning to receive final treatment. The wounded member is nearly well and Mr. Oppenhamer expects to report for duty next Monday.

As evidence of the intention of the Wheeling, Alliance and Lake Erie company to build to the lake, an exchange cites the fact that the company has purchased 170 acres of land on the lake front at Fairport and secured the right-of-way from the present terminal of the line to that city.

William Stradley, who resigned his position at the Wabash boiler shop a few days ago, took a position in Foreman C. F. Knothe's department of the electric works this morning. Frank Wiley, a helper in Foreman Link Johnson's gang, resigned last night for the purpose of going to Hartford City to work.

A special train on Saturday night took the equipment of the general offices of the Southern Indiana road from Bedford to Terre Haute and on Sunday the force of employes arranged the office affairs to begin work in the new quarters on Monday morning. All the general offices except auditor-treasurer are now located at Terre Haute. The auditor-treasurer is in Chicago under the eye of President Walsh, the Chicago banker and capitalist.

S. B. THING & CO. MOVING THEIR WHOLESALE DEPARTMENT.

The following item will be of interest to local readers, owing to the fact that one of this firm's progressive stores is located in this city, under the efficient management of Mr. H. B. Tobey:

"S. B. Thing & Co. are moving their wholesale department in Boston from Summer street to 299, 301 and 303 Congress street, where they will have much larger quarters and the best equipped rooms for the shoe business in the city of Boston. They have over twenty thousand feet of room, all on one floor, used for leather goods and for the offices of the wholesale and retail departments, and also another floor of fifteen thousand square feet devoted exclusively to rubbers. Thing & Co.'s wholesale business is very extensive outside of supplying their vast collection of retail stores.

"Fourteen of the best shoe and rubber salesmen to be had start out from the Boston offices Monday morning next to cover every state from Maine to Iowa. Thing & Co. have recently opened a new retail store in Middletown, N. Y."

DO YOU WANT

A Good Piano or Organ at a Greatly Reduced Price?

Then call at the Saengerbund building, where George Jacobs' Fire Sale is in progress. A number of fine pianos left and they will soon go. A number of good organs that will be disposed of at almost nothing. We will not move this stock into our new store, therefore you are going to find bargains here that you never heard of before. Remember the place, Saengerbund building, corner Main and Maiden Lane.

A SCREW LOOSE SOMEWHERE.

We often pity a young person when we see their otherwise handsome face covered with pimples and little sores. How often in youth are these faces scared or pitted for life. When your blood is impure, these impurities generally break out in some manner and your face being tender, gives way first. We have never seen a case of this kind but what would yield to the Popular Blood Remedy, Conklin's Microbe Destroyer. $1.00 bottles at 75c at Rhodes', Cut-Rate Druggist, southeast corner Broadway and Washington.

We have the best and largest line of Sterling Silver wedding presents in the city. Dallas F. Green, Arcade Jeweler.

VARICOCELE!

Have You Got It?

We Will Cure You In Five Days.

Do not waste time taking medicine, applying local applications, electric belts or suspensories. You burn your money. That kind of treatment will never cure you. Never a day passes without a number call at our office suffering from this terrible malady, Varicocele, telling us their misfortune of falling in hands of quacks; been treating with them from one to five years—spending a small fortune and now worse than before taking their treatment.

GENTLEMEN, WAKE UP!

The pleasures of life are slipping through your fingers. Come to us and be cured.

It matters not by whom you have been treated, how long a sufferer or how bad a Varicocele you have; we will cure you just as sure as 2 and 2 are 4. If we don't, not one cent will it cost you. Our treatment for Varicocele is painless, no cutting, no blood and will not stop you a day from your daily work. If you are a sufferer from Varicocele, call at our office and we will gladly explain our method of curing this malady. This will cost you nothing and we will explain to your own satisfaction that WE CURE VARICOCELE TO STAY CURED.

$500.00 FORFEIT

1st. For any case of Varicocele we accept and fail to cure.

2nd. To any one we have treated for any trouble and not satisfied.

3rd. For any case of Hydrocele we cannot cure in five (5) minutes.

THE WEATHER.

Chicago, April 8.—Forecast for Indiana—Partly cloudy tonight and Wednesday; warmer Wednesday and in south and central portions tonight; northeast, shifting to southeast winds.

LOCAL LINES.

Mrs. G. A. Rabus leaves tomorrow for a visit with relatives in New York.

Rev. George Bornemann, of Port Huron, Mich., is in the city the guest of Dr. E. A. Crull.

Datius Council, Princes of Jerusalem, will install its newly elected officers this evening.

Hattersley & Son have been awarded the contract for the steam heating plant, plumbing and fixtures of the new Katzenburg bakery, to be erected on Montgomery street.

The Misses Flora Peters and Virginia Carnahan returned today to New Milford, Conn., to resume their studies. Miss Agnes Fairbank has returned to Oxford after a visit here.

Reports from the condition of Mrs. O. B. McGoogan, who underwent an operation at St. Joseph's hospital on Sunday, continue favorable, and the outlook is hopeful for her speedy recovery.

W. J. Van Schuyver, of Portland, Ore., who has been visiting A. G. Barnett for two weeks, left this morning for Cleveland for a short visit with relatives before returning home.

Martin Hopple, employed at the Fox bakery, had his foot caught between the floor and freight elevator platform yesterday and the great toe was badly crushed. The accident will confine Mr. Hopple to his home for several weeks.

The Farther Lights society of the Baptist church will meet this evening at the church. From 7:30 to 8:30 a literary program will be given and this will be followed by a social hour, during which light refreshments will be served.

Mrs. Dr. Souder, of Columbia City, is the guest of Miss Hattie Jones and Miss Lottie Hood for a few days. Miss Hood entertained at progressive pedro Monday evening and Miss Jones will give an informal musical for her Wednesday afternoon.

The engagement of Miss DeEtts Davis and Mr. Edward Wagner was announced last Sunday morning at an informal luncheon given at the home of Miss Davis, on Creighton avenue. This announcement will no doubt surprise their many friends. Both are very popular society people.

The friends of Albert Offner, of 2504 Miner street, gave him a surprise last night, when they assembled at his home for the purpose of celebrating his birthday. Chief among the amusements of the evening was progressive pedro, in which Miss Isella Ludwig and Michael Haushach carried off the chief prizes and Miss Ophelia Feist and Michael Ehrman the consolation prizes.

THE FIRST STEP.

No Matter How Your System is Affected, Your Bowels Must Be Free Before a Cure Can Be Effected.

You can't get well unless your bowels do their work in a free, natural manner.

Every physician knows this, and the first thing the doctor does, when he undertakes a case, is to prescribe for the instant relieving of the bowels from the poisonous matter that is such an enemy to life and good health.

When you feel weak and listless in the morning, without energy to face the day's round of tasks and pleasures, there's something wrong.

The blood should be enriched.

And to enrich the blood, care should be taken that the food in the stomach is being converted into rich, red, vitalizing blood.

Poor stomachs can't make good blood—no use to make them try. The more painful the process of digestion is, the greater effort is the stomach putting forth to do its work as it should be done. The pains of dyspepsia are merely the efforts of the poor, jaded stomach to do its duty.

Peptorene, the Health Tablet, is a tonic digestant.

It puts the stomach in a condition to do its work properly by giving it tone, and by increasing the flow of gastric juice and saliva.

By use of Peptorene the blood is enriched, and the bowels and liver are strengthened. Food can be eaten without distress, and it takes only a little time and a box or two of the tablets to bring around a new condition of affairs—the eyes brightened, the skin freshened and the nervous, shrinking dyspeptic becomes a healthy, hearty person who can hardly wait for meal time.

Manufactured by the Battle Creek Health Tablet Co., Ltd., Battle Creek, Mich. 25c per box. Write for free trial treatment. For sale by A. C. Gocke, Wm. L. Waltemath, Meyer Bros. & Co., and Pellens & Polster.

A GREAT SUCCESS

The Piano Fire sale at the Jacobs' Music House has been the biggest success in the music business for years. The public has never had such an opportunity to obtain bargains. A few choice instruments are still on hand. Call early and make selection as we must soon move into our re-furnished store and do not want to move any of these instruments. Sale now going on in the Saengerbund building, West Main street.

NOTICE TO UNDERTAKERS.
